

Healthcare that goes beyond.

Imagine if your private physician thought proactively about ways to improve your health and well-being?

Imagine if you had a high quality, high touch team actively working with a curated network of leading specialists on your behalf?

Imagine if while traveling you had access to trusted physicians in over 200 cities around the world?

Proactive

Managing and optimizing your health as strategically as you manage your financial assets.

Elite

Access to trusted physicians and specialists to assure that you receive the highest standard of care.

Convenient

24-7 direct access to your physician that can meet you in the office, at your home or wherever you are.

“Health is of the utmost importance to me and my family. Private Medical and the immediate access to reliable and compassionate healthcare and advice is extremely valuable. The team is always there and ready to help. I do not have to worry.”

- Private Medical Member
